GOVERNMENT OF MADRAS

Dear Sir,

Sub:- Construction of a matern-
-ity block -Government Hospital-
U D I P I.

It is nearly two years since the old maternity ward building attached to the Government Hospital, Udipi was vacated as unsuitable for occupation and since then, maternity cases have been shifted to the general ward with consi-
-derable inconvenience to the patients, particularly women. The estate of affairs

is highly unsatisfactory, and the the Hon'ble Minister for Public Health visited Udipi last time had been shown round the place. I note sufficient funds have been provided for taking up the work in the current budget, and I request you to give necessary instructions to expedite the work.

Yours faithfully,

T. Anant Pai, M.L.A.,

U D I P I.

Copy-with compliments to the Hon'le Minister for Public Health for necessary instructions.

Sub:- Buildings - Government Hospital, Udipi - Construction of a New Maternity Block in pl of the existing one proposed. for demolitic

P5 wtr P11 wtr -- P9 wtr

I enclose herewith for the administrative approva Government one sigle line diagram (S.K.No.55/53), one top plan (S.K.No.56/53) and an approximate estimate amountir Rs.95,000/- for the construction of a new maternity block, the Government Hospital, Udipi, received from the District Medical Officer, South Kanara duly countersigned by me. A of letter No.967-M dated 17-4-1953 from the Executive Engi South Kanara Division is also enclosed for the information Government. The alternative approximative estimate for Rs.84,000/- is also enclosed. I request that the Governm will be pleased to accord administrative approval for the same.

Yours faithfully,

M.V. Ramanamurthy 13/5

for Director of Medical Services

PN.11.5.

Copy of letter No.967 M dated 17-4-1953 from the Executive Engineer, South Kanara Division, Mangalore to the District Medical Officer, South Kanara, Mangalore.

Sub:- Buildings - Govt. Hospital, Udipi - construction of new maternity ward proposal - approval - requested

Ref:- Your letter No.283/53 dated 13-1-53 and my inspecti notes dt. 20-1-53.

In continuation of my inspection notes cited above, I forward herewith a single line diagram based on C.A.No.24 for the construction of a new maternity ward in the taluk quarters Hospital,Udipi.

The location for housing the maternity ward in place existing old maternity ward (after pulling it down) has be approved by the Director of Medical Services, Madras, vide inspection report communicated in your letter No.C.1025/5 16-7-52. The type design for the proposal has also been approved by the Director of Medical Services, Madras vide letter No.Roc.4654-HC/51 dated 3-11-51.

The plan enclosed is also got countersigned by the C Assistant Surgeon, Udipi and District Medical Officer,Sou Kanara.

The design has been altered suitably to house in the as the space available is limited with its length North t South facing east.

The approximate amount of the construction will be Rs.95,000/- including water supply arrangements (construc of a separate new well in the compound) sanitary fittings Electrification, including the provision for future expan by providing upper floor, alternatively the approximate a for putting up the ward without provision for future exp

explains clearly the specification and provision made in the es

I request that the enclosed single line diagram and approxi estimate with the topo plan may please be returned to me early a after obtaining the approval of the Director of Medical Services, with clear report on the alternative proposal accepted by him, t enable me to prepare detailed plan and esimate.

As the matter is dragging on from a very long time, early action will make up for past delays. The subject was discussed with local leading residents on 10-4-53 like Dr.Nayak and Mr. T.A. Pais and they want scheme to be expedited with no new propo or modification.

Please acknowledge receipt of this letter and enclosures b return.

From the D.M.S., No.44001-W/53, dated 30-5-53.

MEMO NO. 2680 H/53-3 Health 29.6.53

The D.M.S. is informed that according to the model designs for construction of buildings for use as hospitals approved in G.O.No.2680 P.W., dated 23-6-53 the estimated cost for construction of a maternity block of 50 beds is Rs.55,000 including electrification and sanitary fittings and it contemplates ~~lateral~~ expansion by the construction of additional rooms on either end for wards of 4 beds each and provides for only 9" walls. It is observed from the site plan forwarded to Government with the report of the D.M.S cited above that ample space is available for ~~lateral~~ expansion, at a future date. The D.M.S. is requested to examine in consultation with the Ex. Engr. & Asst. Engr. whether, in view of the financial streingency ~~of~~ and the need to keep down the expenditure on building schemes to the minimum, ~~lateral~~ expansion ~~is not~~ at ~~desirable~~ feasible and how far the other measures adopted in the cheap model design referred to above can be adopted in this case and if so, to submit a revised plans and estimates at a

From	To
Sri N. Padmanabha Ayyar, B.A., B.E., M.I.E.(Ind), I.S.E., Chief Engineer, PWD(Gl.&Bldgs), Chepauk, M A D R A S-5.	The Director of Medical Services, MADRAS.

Sir,

Sub:-Buildings - Government Hospital, Udipi - Construction of a maternity block - Remar

Ref:- i) Government Memorandum No.26807.H/53, Health, dated 9-4-1953.
ii) Your letter No.112822.W/52, dated 5-8-1953.

1. The issues arising out of the Government Memorandum cited above are:--

(1) Whether in view of the ample space assumed by Government to be available in the existing premises, future extensions cannot be accommodated by horizontal expansion, and

(2) How far the other measures adopted in the cheap model design referred to by Government can be adopted in this case.

2. The following remarks are offered:--

2-1. Availability of space in the existing premises:-

A detailed site plan with the existing buildings and the present proposals marked therein was obtained from the Executive Engineer, South Kanara Division. On a review of this, it is seen that the propos to site the "Maternity ward" in the existing 'Woman out patient Block' cannot admit of further expansion as th available space is only just sufficient to orient this building giving minimum clearance allround. The assum tion by Government that there is ample space in the existing premises to accommodate future expansion does not seem to be correct.

2-2. Design to provide for future expansion:-

In this context, only two alternatives a open:-

2-2-1. To alter the design on hand so as to admit of providing an additional floor to accommodate the second unit of eight beds at a future date.

2-2-2. To acquire the land of 49 cents to the West of the hospital site and construct a single unit of "Maternity block" at a future date, when such expansion is deemed necessary. The cost of this acquisi tion is reported to be Rs.22,000/-

2-3. On the merits of these two alternatives alone, it would appear that if it is decided to go in for an expansion of eight beds at a future date, it would be better to have the design on hand suitable

(pto)

suitably altered to provide for vertical expansion a
a future date.

3. Reduction in costs by cheaper designs:-

Incidentally, it is seen that some reductio
cost could be effected by

3-1. Changing over to Rubble work from Brick
masonry.

3-2. Omitting the corridor leading to the Wat
closet and bath by shifting the "Slop" by the side o
the water closets to the bath room end.

4. A revised plan incorporating these proposa
and providing for future vertical expansion is encl
The cost of this scheme would be Rs.82,500/- This i
against Rs.55,000/- previously furnished to Governme
for the type design based on the prevailing rates i
another locality.

4-1. The increase in cost by Rs.27,500/- is ma
due to the following:-

4-1-1. The present proposal for a future firs
floor has resulted in greater foundation depth, thi
walls than in the previous one for a ground floor st
ture, with consequent increased cost.

4-1-2. The present proposals include provisio
an entrance gate, roads within the compound, well f
water supply etc. which were not included previousl

4-1-3. It may be stated here that the estimat
cost of the structure would have been greater than
Rs.82,500/- but for the economies effected by the ch
of masonry proposed in para 1 and omission of certa
extra provision mentioned in paragraph 3-2 above.

5. The estimate as now made out for Rs.82,500/-
may please be got approved by Government.

M
30.3.84

Buildings - Govt Hospital, Kodipi - Construction of a new maternity block - proposals

Ref: From the D.M.S, No 112822-H-52/13.5

The D.M.S has forwarded to Govt plans and estimates for Rs 95,000/- for the Construction of a new maternity block in the Govt Hospital, Kodipi for the approval of the Go He has also forwarded to Govt another alternate estimate for Rs 84,000/- for consideration. The former estimate for Rs 95,000/- includes provi for water supply arrangement (Construction of a separate new well in the compound of the hospit sanitary fittings and electrification including p provision for future expansion by providing upp floor. The alternative estimate for Rs 84,000/- for putting up the ward without provision for future expansion.

2. The Construction of a maternity ward, a paying ward, extension to operation theatre and other improvements at an estimated cost of Rs 1,07,700 has been included in the programme of works approved in G.O No 520 PH dated 22.2 The Executive Engineer has requested that as the matter has been dragging on from a very long tim early action is necessary. Attention is invited to the letter of Sri T. Anant Pai, M.L.A a pages 1-2 of in which he has stressed the need for the Construction of the materni ward very urgently. The minimum requirements of maternity In the circumstances, it is for orders whether this Dept may support the proposal for approving the estimate for Rs 95,000 which provid for future expansion also, in addition to the improvements mentioned at A above. After orders are passed, the file may be sent to PW/Finance for n

KW
15/3/53

The difference between the two estimates sent by the DHS is about Rs 11,000 only. It seems desirable to make provision for expansion in the future as otherwise additions may have to be executed if fresh provision to meet the expansion at a future date is made then. The estimate for Rs 95,000 may be supported.

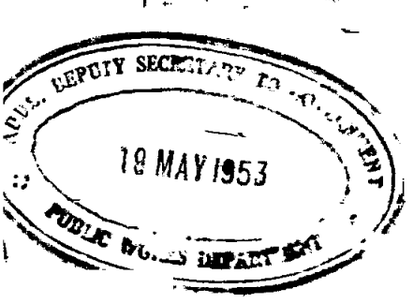
P.W.D (C).

Health U.O.No.26807 H/53.
18-5-53

46667



The construction of a maternity ward a paying ward, extension to Operation theatre and other improvements to the Govt Hospital, Udipi at a cost of Rs. 1,07,700/- was approved in G.O.No. 590 P.H. dt 22-2-49, among other items. The D.M.S. has now submitted an estimat for Rs 95,000/- for the Maternity ward only as also an alternative estimate for Rs 84,0 for the same work. The report at p. 3 ~~of~~. shows that the Ma Design C.A.No. 243/51, approved in G.O. 2680 dt 23.6.52 has been adopted with certa modifications in both the cases. The for increased foundation etc. costly design provides for future expan sion of the ward by construction of first floor. Health Dirtt have recommended t estimate for Rs 95,000/-

2. The estimated cost according to the model design is only Rs 55,000/- includin

contemplates lateral expansion by the construction of addl. rooms on either end for wards of 4 beds each, and provides for only 9" walls. It has not been stated why lateral expansion is not possible in the present case. The site plan at p11 c/s (Health Report) seems to indicate that there is ample space available. In view of the financial stringency and the need to keep down the expenditure on building schemes to the minimum, it seems desirable to examine whether lateral expansion is not feasible and ~~whether~~ how far the other measures adopted in the model design to keep down ~~the~~ cost can also be adopted in this case.

Health Deptt may be requested to consult the C.E. and the D.M.S. in the matter and let this Deptt see the case again before circulation. The file may be passed on to Finance.

ecry. (H.E.L.A):

Taluk Headquarters Hospital, Udipi, S.Kanara.

The work of execution at Udipi seems to have been held up for some reason. This should be looked into at once.

Minister (Health)

H.E.L.A.(HII)Dept.

In G.O.No.590 P.H. dated 22-2-1949, the Govt. have approved, among others, the construction of a maternity ward, a paying ward, extension to Operation theatre and other improvements to the Govt. Hospital at Udipi, S.Kanara D at an estimated cost of Rs.1,07,700/- In May 1953, the D.M.S. submitted to Govt. an estimate for Rs.95,000/- for the construction of the maternity ward only (with an alternative estimate for Rs.84,000, for the same work) for approval. No mention was made about the construction of other work referred to above. According to the model designs for construction of buildings for use as hospitals approved in G.O.No. 2680 P.W. d/ 23-6-53, the estimated cost of construction of a maternity block of 50 beds is Rs.55,000/- including electrification and sanitary fittings and it contemplates expansion by the construction of additional rooms on either end for wards of 4 beds each and provides for 9" walls. The attention of the D.M.S. was invited to the above G.O. and he was asked to examine in consultation with the C.E., PWD(Genl & Bldgs) whether, in view of the present financial stringency and the need to keep down the expenditure on building schemes to the minimum, expansion at a future date is not feasible and how far the other measures adopted in the cheap model design referred to above can be adopted in this case and if so to submit revised plans and estimates. The reply of the D.M.S. is awaited. The D.M.S. may be asked to send urgently the revised plans and estimates for the construction of the maternity ward and also plans and estimates for the construction of the other works already approve

Subject to orders the draft Memo. below is for approval.

May be circulated to M(H) with ref: to the minute extracted on p 5 ante.

To send as Memo. No. 26803 HI/53-6 dated 8.12.53
from the C.E, PWD No. 8684 Wks/53-5 of 6.1.52.
from the DPIS No. 112822 M/52 of 17.2.52

Please see the note on p 5 ante.

The DPIS has now submitted a revised plan and estimate amounting to Rs. 82500/- for the construction of a maternity ward of 8 beds in the Govt. Hospital, Kodiyi. This is according to the type design approved in Govt. No. 2680 P.W. of 23-6-52. The increase in cost is due to the fact that provision has been made for ~~a future first floor~~ deep foundation and brick walls for a future ~~future~~ first floor and ~~that~~ also for an entrance gate, roads within the compound, well for water supply etc. The DPIS has no objection to ~~sanction~~ the revised plan & estimate being appro

ward may, perhaps, be approved.

Proposals for the construction of a paying ward, the expansion of the question theatre and also for other improvements may be considered as and when they are received.

The remarks of the P.W. dept. and Fin. dept. may be invited Ho.

P.W. (C.)

This is one of the several schemes for which general sanction has been accorded in G. O. No 590 PH D) 22.2.49. There is a provision of Rs 60,000/- and the detailed Budget-Estimate for the second six months of 1953-54. The proposal of HELP at A above may be agreed to in this dept subject to audit being taken in circulation including those of H(W).

With these remarks the file may be passed on to Finance.

Fin (EB) Actt.

In G.O. 590 Health dt ~~22.2.49~~ the Government approved, inter alia, the construction of a maternity ward, a paying ward, extension to operation theatre and other improvements in the Govt Hospital Kodiyi at an approximate cost of Rs 1,07,000. On receipt of plans and estimate for Rs 95,000 for the construction of a maternity block, the Govt in Memo No 26807 H/53-3 Health dt 9.6.1953 called for revised plans and estimate based on a cheap design. The A.M.S has submitted a revised estimate for Rs 82,500 and ~~the~~ plans for the construction of a maternity block of 8 beds. The HELA Dept proposes to approve the plans and estimate. Fin Dept agrees to the proposal, subject to orders being taken in circulation including those of 2(W). Finance ~~may~~ may also agree.
